Child Health and Hygiene

During the month of March Megan Bryan initiated a program with the WOOPIE* children to improve their knowledge of a healthy lifestyle.

Over 3 days 100 children benefited from practical demonstrations covering washing, brushing teeth, bathing and healthy eating.

To re-enforce the messages they were provided with important information and useful items such as soap, shampoo, fruit and many other things.

School Exams

Children from nursery to the 10th grade sat their final exams in March. Their dedication and effort made us all proud. We just await the results.

Holi Hai!!

To celebrate the festival of colour the school opened its doors to children, teachers, volunteers and friends to come together to play Holi.

The safe and happy environment was a joy to behold with vibrant colours, music, a live band and food being enjoyed by all the participants.

Products Sale

For two consecutive days the Empowering Women unit had the opportunity to sell its wares at the Shriram Millenium Schools in Delhi and Noida. The response from the parents and children at the schools was fantastic, and it was great to showcase the craft of the women.

Big thank you to Shriram to allow us promote our school.

Farewell

It is with immense pride, and a tinge of sadness, that we say a fond farewell to our Grade 10 students. Tenderheart has provided a great foundation for them to succeed in high school.
