Slum program & Women empowerment & Special needs program

27 Nov 2016 An open dance competition was held at Tender Heart School where more than 130 children from Faridabad participated.

Art

19th of Nov and 25th of December Tender Heart organized a drawing and painting competition where children drew the recent issues in India like demonetization, pollution, corruption etc.

We

held our first **Night Camp** here at Tender Heart this month. A night camp is where school children come to school after school hours with their families and participate in activities such as public speaking/performance to help them to grow . We held this event for our special need children and it was great success. Many even decided to spend the night at the school with us. We also danced and sang , as we do at every event.

Healthy Athlete Program There was a big event held at Tender Heart NGO where many NGOs participated from Faridabad with their differently abled children and had their Dental, Eye and General Body check-up done. We provided free medication and awareness about personal hygiene. It was a day of enjoyment and fun games and entertainment by the special needs children from all NGO's.

Once again Santa made an appearance at Tender Heart NGO! Santa gave out treats and sweets to all the school children . We celebrated with a special Christmas dance performance followed by a dance party . We hope everyone had great holiday like we did! **Merry Christmas and Happy New Year 2017**
